Our mission is to provide quality mental health educational seminars and materials to the professional community.

Beverly J Patchett, LMSW, ICAADC

Ms. Patchett received her Masters of Social Work from the University of Michigan, Ann Arbor, MI. She has worked and studied in the mental health field for the past 25 years. With her background in small business start-up seminars prior to entering the mental health field, and authoring her book “Solo Private Practice,” she was a natural fit for developing seminars on private practice start-up as an extension of her many educational seminars offered. Social Work seminars expanded to include MCBAP certified seminars after 2008 when she became a Certified Advanced Alcohol and Drug Counselor.

Beverly is owner of Empowerment Professionals PC that opened 2002. Her private practice, one of very few “solo” practices has expanded to include network and support groups, supervision offerings, an incubator program for private practice start up, and professional seminars. Empowerment Professionals moved to Genesee County, from Royal Oak, fall of 2016 and celebrated 16 years in business April 2018.
